AT REDMOND KIDS' DENTISTRY, we treat each family as our extended family. We help each child in our community achieve optimal oral health by providing quality dentistry in a gentle, caring environment that both parents and children appreciate.

AS AN ADVOCATE FOR CHILDREN'S OVERALL HEALTH, our job involves education and creating awareness about the importance of children's oral health. Still, our listening ears are always on. We take the time to hear the individual concerns, histories and beliefs of each child and family we meet. Dr. Stephanie's priority lies in establishing an open line of communication with our patients.

OUR ENTIRE TEAM GENUINELY ENJOYS WORKING TOGETHER WITH OUR YOUNG PATIENTS toward a positive, life-long approach toward their oral health. Dr. Stephanie's greatest reward is truly connecting with children, seeing them grow within our practice, and hearing from Mom or Dad how they can't wait to see us for their checkups. All the smiles and hugs we receive each day are priceless!
